Signing In

The screenshot displays the Frost & Sullivan website. The top navigation bar includes links for About, Careers, Media, Contact, Sitemap, and Partner Login. A search bar is located on the right. The main content area features a video player titled 'Mega Trends' with the text 'Driving the Future' and a description: 'An in depth look at the future of Mobility and the Mega Trends behind it.' Below this, there are sections for Research, Consulting, and Events & Training. The bottom section contains a login form with fields for Email Address, Password, and a Remember My Password checkbox. A 'Forgot password?' link is circled in the form. To the right of the form, there is a 'FORGOT YOUR PASSWORD?' section with a link to have a password emailed to you and a 'REGISTER' section. A footer section provides contact information for Africa and a link to enquiries@frost.com.

Driving the Future

An in depth look at the future of Mobility and the Mega Trends behind it.

Frost & Sullivan is a growth partnership company focused on helping our clients achieve transformational growth as they work through an economic environment dominated by accelerating change, increasing risk and the powerful disruptive impact of the conversion of new business models, disruptive technologies and mega trends on their industry.

Research

Monitoring and analyzing technical, economic, mega trends, competitive, customer, best practices and emerging markets research into one system which supports the entire "growth cycle" enables our clients to have a complete picture of their industry, as well as how all other industries are impacted by these factors.

Our proprietary 360° research provides our clients critical information that aids in development of the visionary skills necessary to develop a growth pipeline that meets or exceeds the company's growth targets.

Overview

The **Overview** screen provides a snapshot overview of what's new for you, and in the full research catalogue.

The **Overview** screen can be accessed using the house icon on the **Navigation** toolbar

The **Navigation** toolbar contains everything you need to move around the portal. This toolbar can be accessed or minimized using the three bar symbol to the left of the **Frost and Sullivan** logo in the upper left hand corner of the page.

The screenshot displays the Frost & Sullivan Overview page. The top navigation bar includes the Frost & Sullivan logo, a search bar, and user information (Your Company, Portal, James Evans). The main content area is divided into several sections: 'Latest Research' (showing a list of reports like 'Test small price', 'Test deliverable 8', 'Global Generator Set', 'Analysis of the Global Biosensors Market', and 'World LED Lighting Markets (2015 Update)'), 'Your Account Team' (showing a profile for 'Your Account Manager'), 'Brought To You' (showing 'Staff Picks' and 'Documents'), and 'Saved Searches' (showing 'Industry Tracker'). Callouts highlight the 'Navigation' toolbar (a vertical bar on the left with a house icon), the 'Overview' screen (the main content area), and the 'Your Account Team' section.

On the **Overview** page you will see company specific information including **Your Account Team** and **Brought to You** sections, showing staff research suggestions and specialized documents and announcements for your company.

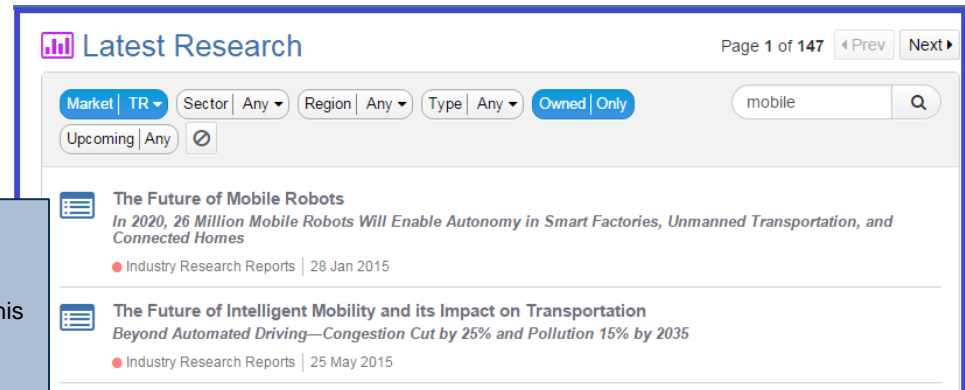

Latest Research

Latest Research is a chronologically ordered list of all of the research deliverables in frost.com. *(This differs from the Main Search Engine.)*

The filters are persistent so the next time you log in they are still set. This allows you to configure the filters to your specific preferences and see instantly what the new content is.

Latest Research functions differently than our main **Search** engine. The **Search** box in this section allows you to add a free text filter to the other predefined filters. If you use a Search term, the results will display in order of Relevancy. Without a search term, the results are in chronological order. The default number of results is five but you have the option to change that number.

Beneath **Latest Research** are your **Saved Searches**. Each tab shows the most recent research published for any saved searches. If you have multiple saved searches you can prioritize and choose which searches you want to display. You can use the **All** arrow to the right of the tabs to manage your list.

Profile

In your **Profile** section you can update your personal information as well as change your **Password**.

You can also sign up for or unsubscribe from subscription emails from frost.com.

Staff Picks / Documents / Account Forum

Staff Picks and **Documents** highlight research and services hand picked for your company by your Frost & Sullivan account team. Only members within your company's portal will be able to view these sections for your company.

If you would like us to highlight a specific piece of research for your team, just let us know and we can add it to your listing.

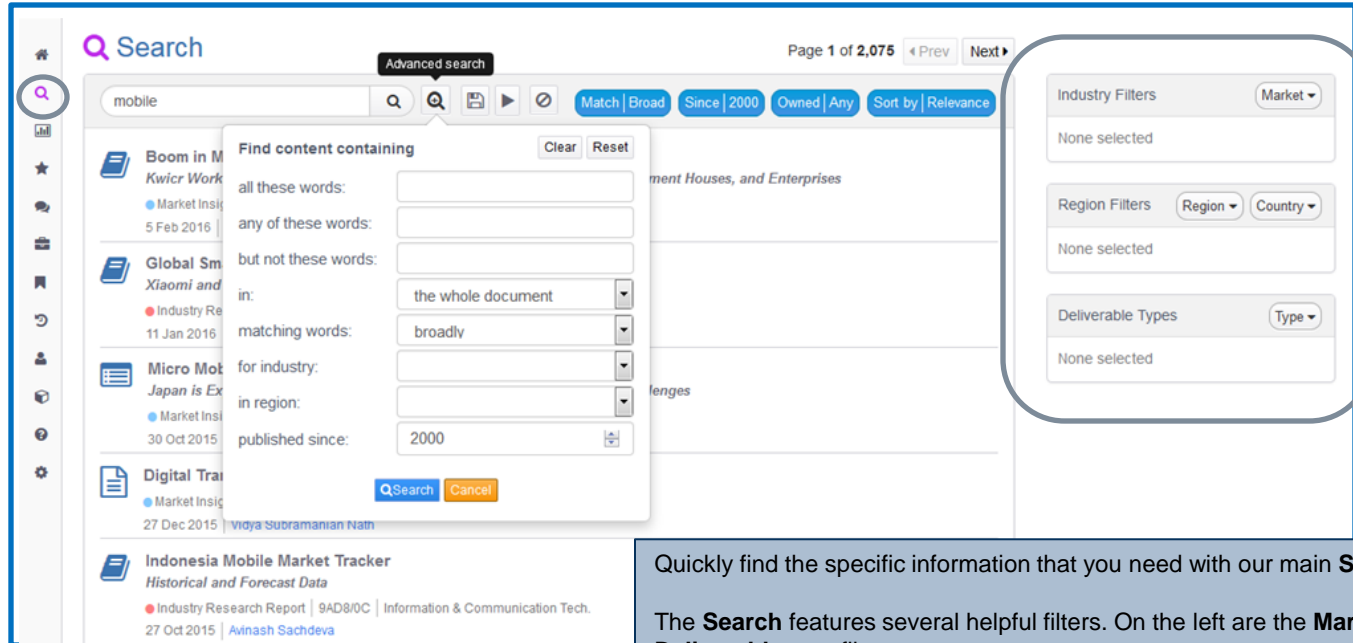

In the **Forum** you will ask questions and collaborate with other portal members within your company. Everyone within this **Forum** will be able to respond to posts. Only members within your company's portal will be able to view the posts.

To start a new **Forum** discussion click on the **New Post** button.

Click on any of the **Topics** to Reply.

Main Search Engine

Quickly find the specific information that you need with our main **Search** engine.

The **Search** features several helpful filters. On the left are the **Market**, **Region** and **Deliverable** type filters.

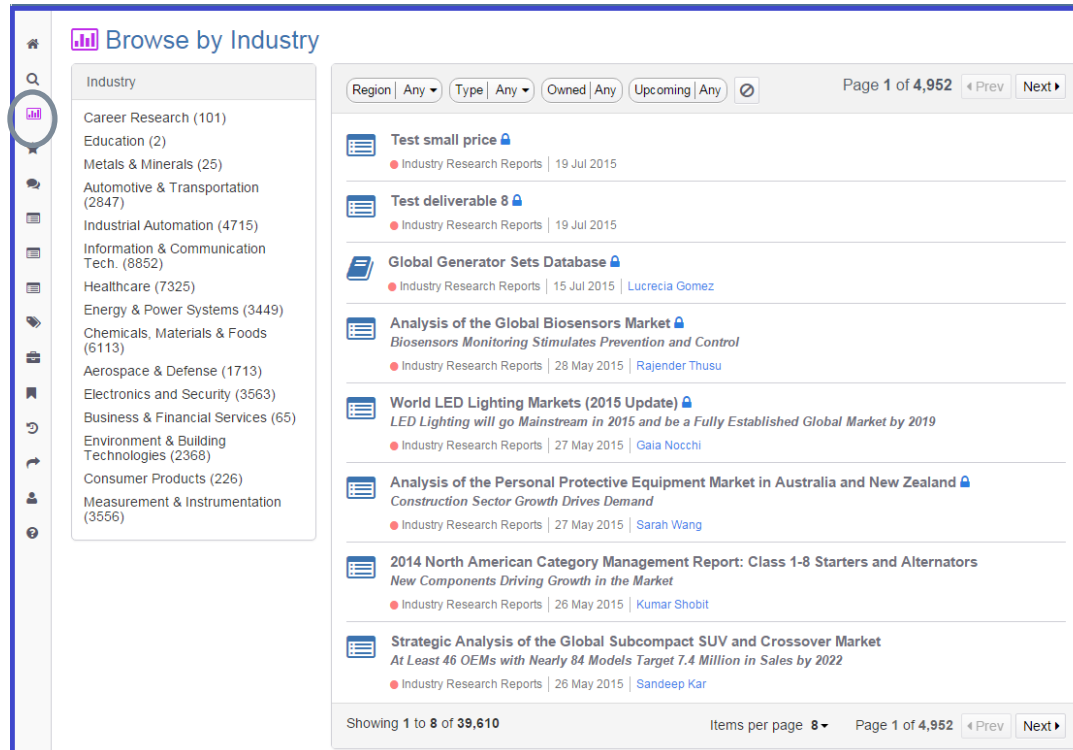

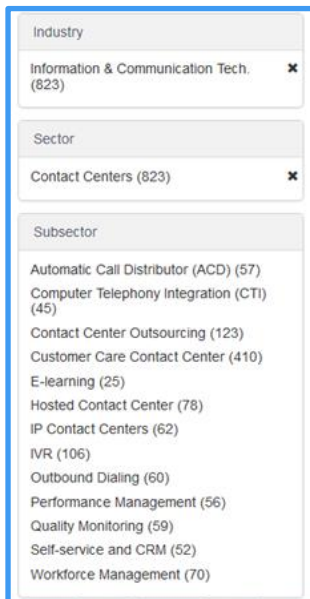

To the right of the search field and you will see additional filters and a magnifying glass with a plus sign for the **Advanced Search**. You can also **Clear All Filters** or **Save the Search** in this section as well as filter **by Date**, **by Ownership** and **by Relevancy**.

Browse by Industry

Access the **Browse** feature on the Navigation bar.

Explore the Sectors and Subsectors within each Industry.

With our **Browse** feature you will gain a better understanding of the critical information contained within the multiple industries of our 360° research to aid you in achieving your company's growth goals.

Research Tools

When viewing individual research deliverables, there is an assortment of tools available for you to share, comment, index or save for later.

Forum - Create a post about the research. Ask clarification questions or make comments that only your Frost & Sullivan Account Team and other users from your company can see.

Shared With Me - Enter the first couple of characters of the person's first or last name or their email address. You can share with multiple colleagues at the same time by entering additional names. Only colleagues who are users on your company's portal will be available for you to select and share deliverables with. If the names are not populating, then they will need to be added to your company's portal user list. You can contact your Account Team for assistance.

Tags - Assign a keyword or phrase to a piece of content on frost.com. You can apply single or multiple tags to content. Tagging can help you describe and quickly find the content on future logins to frost.com. This is helpful if you like to categorize research or link all of your content under a particular Tag.

Reading List - Bookmark research deliverables on your portal. When viewing a deliverable Save and pull up relevant research at your convenience.

Download - Download the research and view the research in PDF format or save the file to your computer to read later. Not all research is available in PDF format.

Utilize our convenient **Chat** feature to ask questions about research or the website.
