Dear Abi & MII Team:

As the MII Site Miner engaged with (FACULTY/COMPANY NAME) on this (Technology Assessment / Company Formation) application, my interaction includes but is not limited to:

- Discussing the MII program requirements with this applicant; and
- Reviewing the application for ***a minimum of one month in advance*** of submission to ensure that the applicant has included all of the required information and makes a strong case for funding.

I have reviewed this application in advance, assisted in its preparation, and provided appropriate feedback to aid in a strong submission. As a result, I support this MII application.
